## MESSAGE

**Mr. R.K. Agrawal,**  
CMD, WAPCOS & NPCC

**Dear Colleagues,**

Over the past few years, as India has set forth on a mission to become a global economic stalwart, the global market now considers India to be one of the fastest-growing economies of the world for the next few years, largely because of a young workforce, increasing urbanisation, and rising government spending on infrastructure. Besides, new sustainable industrial measures, including the promotion of a circular economy could be a huge contributing factor for the country's growth and establishing itself as a responsible global leader.

Known for Consultancy and Engineering Services, the WAPCOS workforce has been putting in diligent efforts towards the success of our plans centred on global and domestic business expansion and disciplined cost and project implementation management. Our global presence has enabled us to provide customized solutions to complex and diverse assignments to our clients both in India and overseas. Our company has the requisite experience & expertise to undertake Consultancy and EPC projects of any scale and complexity in the sectors of its operation.

As always, this month's Newsletter brings details about several projects in India and abroad that have been undertaken, completed or nearing completion. The Hon'ble Prime Minister, Shri Narendra Modi visited the New Special Protection Group (SPG) Complex at Sector-21, Dwarka, New Delhi. WAPCOS has been undertaking the Comprehensive Annual Repairs and Maintenance and Special Repairs including all civil works, Internal and External Electrical Works etc. The Hon'ble Union Minister of Home Affairs and Cooperation, Shri Amit Shah inaugurated the Janganana Bhawan for the Office of Registrar General of India, Ministry of Home Affairs at New Delhi. WAPCOS executed Design, Engineering & Construction of the multi-storied Janganana Bhawan.

At the International front, this newsletter covers glimpses of some projects namely Transaction Advisory Services for the Zambezi Integrated Agro-Commercial Development Project in Botswana; Consultancy services for the extension of the Tabora, Nzega and Igunga water supply projects Tinde town and villages in Tanzania. To design, supply, installation, construction and commissioning of new electric sub-stations and electricity transmission lines, WAPCOS has been roped in by the National Transmission Company of Nicaragua. We are also working for AfDB funded project as Independent Verification Agent for the Result Based Financing in Mozambique.

Besides, we are also offering project management services for Power Supply under Smart City Mission (SCM) in Moradabad City of Uttar Pradesh; Construction of a jetty and associated facilities for the Indian Coast Guard at Campbell Bay, Great Nicobar Islands; Renovation of Punj Vihar PNB Officer's Residential Complex, in Gomti Nagar, Lucknow and Establishment of the Aquatic Quarantine Facility (AQF) & Broodstock Multiplication Centre at Guntur in Andhra Pradesh. WAPCOS has been also selected as an Independent Third Party for auditing the maintenance of dredging in Hooghly estuary in the shipping channel of Kolkata Port.

In future also, we promise to deliver dedicated services in accordance with global standards and ensure optimal satisfaction of our stakeholders. We vouch to bring more ambitious projects in key sectors of India and abroad.

## UPDATES FROM MINISTRY OF JAL SHAKTI

### Workshop-cum-Orientation Programme

The National Water Mission (NWM), Department of Water Resources, River Development and Ganga Rejuvenation (DoWR), Ministry of Jal Shakti organised a workshop-cum-orientation programme at Dr. Ambedkar International Centre, Janpath, New Delhi on 10th May 2023 for Central Nodal Officers (CNO) and Technical Officers (TO), who will be visiting the 150 water-stressed districts across the nation, for ensuring effective and action-oriented implementation of the “Jal Shakti Abhiyan: Catch the Rain” – 2023 (JSA: CTR). The workshop was chaired by Union Minister of Jal Shakti, Shri Gajendra Singh Shekhawat. Shri Gajendra Singh Shekhawat asserted that a campaign can become successful only through community participation, especially at the grass root level and urged the CNOs and TOs to actively participate in the campaign and act as catalysts and facilitators to encourage and energize the district authorities for the successful implementation of the campaign.

The “Jal Shakti Abhiyan: Catch the Rain”- 2023 campaign has been launched on 4th March 2023 by the Hon’ble President of India alongside Swachh Sujal Shakti Samman, a national event organized to celebrate women’s leadership in achieving Swachh and Sujal Gaon under Swachh Bharat Mission (Grameen) and Jal Jeevan Mission, under the aegis of Department of Drinking Water and Sanitation, Ministry of Jal Shakti. The 2023 campaign is being implemented from 4th March, 2023 to 30th November, 2023 in all the districts (rural as well as urban areas) of the country with the theme “Source Sustainability for Drinking Water”. JSA: CTR- 2023 is 4th in the series of Jal Shakti Abhiyan launched since 2019.

Present at the programme, Shri Bishweswar Tudu, Minister of State, Tribal Affairs and Ministry of Jal Shakti highlighted the importance of water in day-to-day life. The event was also graced by the Secretary, Dept. of Drinking Water and Sanitation, Ms. Vini Mahajan; the Secretary, DoWR, RD & GR, Shri Pankaj Kumar, the Advisor to Minister of Jal Shakti, Shri Sriram, the AS & MD, NWM, Ms. Archana Varma and the AS & MD, JJM, Shri Vikas Sheel.

## UPDATES FROM MINISTRY OF JAL SHAKTI

### Jal Jeevan Mission Achieves Milestone of 12 Crore Tap Water Connections

Under Azadi ka Amrit Kaal, Jal Jeevan Mission (JJM) achieves a new milestone of ensuring safe and clean drinking water through taps to more than 12 Crore rural households of the country. On 16th May 2023, through a release from the Ministry of Jal Shakti, this achievement was announced.

At the time of announcement of launch of JJM by Prime Minister, Shri Narendra Modi on 15th August 2019, only 3.23 Crore (16.64%) households in villages had access to piped water connection. As on date, 5 States (Goa, Telangana, Haryana, Gujarat and Punjab) and 3 UTs (Puducherry, D&D and D&NH and A&N Islands), have reported 100% coverage. Himachal Pradesh at 98.35%, followed by Bihar at 96.05%, are also poised to achieve saturation in the near future. Goa, Haryana, Punjab, A&N Islands, Puducherry, D&NH and D&D are 'Har Ghar Jal' certified States/ UTs i.e., in these states/ UTs, the villagers have confirmed through Gram Sabhas that 'all households and public institutions' in the village are getting adequate, safe and regular supply of water. In the 112 aspirational districts of our country, at the time of the launch of the Mission, only 21.64 lakh (7.84%) households had access to tap water which has now increased to 1.67 Crore (60.51%). Tap water has also been provided in 9.06 lakh schools and 9.39 lakh Anganwadi Centres across the country.

At the time of launch of Jal Jeevan Mission, 22,016 habitations (Arsenic – 14,020, Fluoride- 7,996), having 1.79 Crore population (Arsenic-1.19 crore, Fluoride-0.59 crore), were affected with Arsenic/ Fluoride contamination in drinking water sources. As reported by States/ UTs, now safe drinking water is available in all the Arsenic/ Fluoride-affected habitations.

## PROJECT UPDATE

### Transaction Advisory Services for the Zambezi Integrated Agro-Commercial Development Project, Botswana

Transaction Advisory Services for the Zambezi Integrated Agro-Commercial Development Project was awarded by Ministry of Agriculture Botswana to WAPCOS in November 2022. The project is to be completed in two Phases (1) Feasibility Study (2) PPP Procurement. Duration of the project is 19 months. The project is funded by African Development Bank. Brief details of the project are mentioned in the tabular form below:-

Source of Water Transfer	Zambezi River
Allocation of Water to Botswana from Zambezi River	495 Mm <sup>3</sup> /pa
Components of Chobe Zambezi Water Transfer Scheme (CZWTS), Bigen Africa Association, 2017	<ul style="list-style-type: none"> <li>- Abstraction of water from Chobe River at Kazungula and transferring to pumping main to Pandamatenga . Length of transmission main is 110km</li> <li>- Development of 45000 ha irrigation area in Pandamatenga</li> </ul>
Allocation of water for Irrigation	275 Mm <sup>3</sup> /pa (Chobe Zambezi Water Transfer Scheme, Bigen Africa Association)
Proposed Irrigation System	Pressurized irrigation system (Central Pivotal Sprinkler and Drip Irrigation System)
Proposed Crop for Wet Season	Sorghum, Sunflower and Beans; alfalfa an Fruit tree
Proposed Crop for Dry Season	Maize, Wheat and Soya Beans, alfalfa and Fruit tree

#### Scope of Work:

##### Phase 1: Feasibility Study Update (6 months+ 1-month approval)

1. Needs Analysis
2. Solution Options Analysis
3. Project Due Diligence
  - Social, heritage and environmental
4. Value Assessment
  - Comprehensive Risk Assessment
  - Economic Valuation
  - Financial model simulating scenarios
5. Preparation of Procurement Plan
  - Capacity assessment
  - Benchmarking Survey
  - Conducting Consultative Workshops
  - Project Approvals

##### Phase 2: Manage PPP Procurement Process (12 months)

1. Project Promotion
2. Tendering / Bidding Process
  - Pre-qualification (RFQ) Process
  - Request for Proposal (RFP) Process
3. Value for Money Report Assessment
4. Contract Negotiations & Commercial Close
5. Financial Close
6. Training
7. Close out Report and Case Study

#### Project Status:

- Draft Feasibility Report submitted

## PROJECT UPDATE

### Project Management Consultancy (PMC) for Extension of the Tabora, Nzega and Igunga Water Supply Project to the Town of Tinde, 22 Villages in Shinyanga District Council, Shelui Town and 6 Enroute Villages, Tanzania

1st Lift wall concreting at Buchama GSR – 1150cum

4th Lift wall concreting at Mgela GSR – 250cum

The Government of United Republic of Tanzania has placed high priority on increased provision of potable water supply and improved sanitation services to Urban and Rural Communities to improve the health and living standards of the people and hence the productivity and overall development of the Country. The objective of the assignment for this work is therefore to execute a water supply project for supplying water to Tinde and adjoining 10 villages and Shelui and adjoining 7 villages by extending the Lake Victoria Pipeline through Lake Victoria as a source and rehabilitation of the existing water supply networks. The project after execution will benefit almost 0.108 million population.

#### Scope of Work under Tinde town and adjacent villages in Shinyanga region:

- Construction of Offtake Line from tapping point at 58+350 km to Buchama reservoir a length of 15.2 kms with a combination of MS Pipe of 400 mm and 250 mm.
- Construction of Branch Line at +2.5 km chainage of Offtake Line of 1.0 km of MS Pipe 150 mm dia.
- Construction of 1150 cum capacity GLR at Buchama Village
- Rehabilitation works of Storage Reservoir at Didia.

#### Salient Features:

- Construction of 3 Reservoirs (250cum, 300cum and 1150cum)
- Transmission pipeline of 94kms and Distribution pipeline of 164kms.
- Construction of Booster Pump Station

#### Scope of Work under Shelui town and adjacent villages in Singida region:

- Construction of Transmission Line from tapping point at offtake 24 to Booster Pumping Station reservoir a length of 56.48 kms with a combination of MS Pipe of 350 mm, 300 mm & 200 mm.
- Construction of Offtake Line of 3.68 km of MS Pipe 150 mm dia. connecting new RS 25 at kizonzo, existing 2 nos. tanks at Shelui and existing Tyeme tank
- Construction of Pumping Main of MS Pipe - Length 8.5 Km of MS pipe 200mm dia from Booster Station to RS 27 at Mgela.
- Construction of 300 cum Capacity 18 m staging ESR at Kizonzo and 250 cum capacity GSR at Mgela
- Connection of Transmission main with existing Tank at Tyeme Village.
- Rehabilitation works of existing Storage Reservoir at Tyeme Village.
- Rehabilitation works of existing storage reservoirs at Shelui.
- Booster station consisting of Pump House and 150 cum capacity sump.

## PROJECT UPDATE

### PMA for preparation of DPR, Tender Documents and Implementation of Network Strengthening, Capacity Enhancement, Implementation of SCADA for Power Supply under Smart City Mission (SCM) in Moradabad City

**Client:** Paschimanchal Vidyut Vitram Nigam Limited, Meerut, Uttar Pradesh

**Funding Agency:** Govt. of India & State Govt.

#### Objective:

The objective of this assignment is to promote cities that provide core infrastructure and give a decent quality of life to citizens, a clean and sustainable environment and application of 'Smart' Solutions. In order to achieve this objective and to support MSCL/PVVNL in planning, designing, developing, managing, implementing and monitoring Area Based Development Projects and PAN city Projects for Moradabad Smart city

#### Scope of Work:

- Site Survey
- Preparation of DPR
- Bid Process Management
- Project Planning
- Implementation of SCADA works
- Quality Monitoring
- MIS & Web Portal updation

#### Project Status:

- WAPCOS has completed
  - Site survey,
  - Estimation of cost & quantity,
  - Submission of DPR,
  - Tendering, and Evaluation & Award of TKC's tender.
- Review of GTP Drawings of Electrical & SCADA Equipment's is under progress
- Currently, 33 kV & 11 kV underground cable laying work is under progress

## PROJECT UPDATE

### Independent Third Party for Auditing “Maintenance Dredging in Hooghly estuary in the shipping channel of Kolkata Port”

**Client:** Syama Prasad Mookerjee Port Trust

The project involves monitoring/ supervision of regular maintenance dredging being carried out by Syama Prasad Mookerjee Port Trust. Dredging contractor is to execute the dredging with standard dredgers, namely, Dredge XIX, XX and XXI at the critical bars along the shipping route to Haldia Dock Complex and dispose the dredged material at sea. While it is possible that some dredged material could be placed within onshore reclamation areas, major disposal will be at designated site. WAPCOS has completed 72 months of supervision out of total of 75 months.

#### Scope of Work:

- Supervision of project implementation activities and auditing of the dredging work carried out by the Contractor to ensure complete compliance with the drawings, technical specifications and various stipulations contained in the Contract Documents
- Efficient day to day supervision by qualified personnel who are experienced in the modern methods of dredging supervision and monitoring
- Ensure high standards of quality assurance in the execution of work

Dredging by Rain Bowing Method

Dredging by Conventional Method

#### Project Status:

- 90% completed
- Monthly Progress Report are being submitted to client

## PROJECT UPDATE

### Design, Supply, Installation, Construction and Commissioning of (i) 66 kms length - 138 kv Electricity Transmission Line (ii) 11 kms length - 69 kv Electricity Transmission Line, (iii) a New Electric Sub-Station at 'la Esperanza' and, (iv) Relocation & Expansion of Electric Sub-Station at 'la Gateada' in Nicaragua

National Transmission company of Nicaragua i.e Empresa Nacional de Transmisión Eléctrica (ENATREL) is the Project authority for "Design, Supply, Installation, Construction and Commissioning of (I) 66 Kms Length - 138 Kv Electricity Transmission Line (II) 11 Kms Length- 69 Kv Electricity Transmission Line, (III) A New Electric Sub-Station at 'LA Esperanza' and, (IV) Relocation & Expansion of Electric Sub-Station Located at 'LA Gateada' in Nicaragua".

WAPCOS has been providing Project Management Consulting services for the project. The core activity of the consultant is meeting the project implementation schedule, managing and monitoring the contract, besides managing potential claims, verifying measurement parameters, reviewing and verifying factory testing, and ensuring compliance with the plan of occupational health and safety during the implementation and commissioning of the works.

Key objectives of the project are to improve electrifica-

tion in various rural areas in addition to expanding the Transmission Grid's capacity and improving the quality and reliability of power supply in Nicaragua's electricity transmission system through the construction and incorporation of new substations, as well as the laying of transmission and distribution lines. The project covers two towns and various villages within close proximity of each other.

The project consists of upgrading Two transmission lines to 138KV double circuit transmission lines La Gateada 1-La Gateada 2 (SECTION 1), 9.15 km, and 138KV single circuit transmission lines La Gateada 2-La Esperanza 2 (SECTION 2), 59.03 km, as well as the construction of two new substations: La Esperanza 138/24.9 KV Substation, La Gateada 138/24.9 KV Substation, with one extension of the existing substation.

Currently, the project is under construction, with rapid progress despite the presence of natural obstacles like hurricanes and difficult terrain.

#### Project Status:

- Project progress achieved is 79%

## PROJECT UPDATE

### Independent Verification Agent for the Result Based Financing Project, Mozambique (AfDB Funding)

**Client :** Electricidade de Mozambique (EDM)

**Funding Agency:** African Development Bank (AfDB)

**E**lectricidade de Moçambique, E.P. (EDM) is a State-Owned Company which was set up in 1977, two years following the Independence of Mozambique. Prime objective of the company was to establish and operate public services in Generation, Transmission and Distribution of electricity.

The African Development Bank (AfDB) is financing the Mozambique Energy for All (MEFA), which will be implemented by EDM to increase the access to electricity in the cities of Nampula and Nacala in Nampula Province and Quelimane and Mocuba in Zambezia provinces.

Under the MEFA project, it is expected to reach nearly 50 thousand new service connections contributing to the country goal to reach 100% access by 2030.

The specific objectives of the Project are:

- Expand access to electricity and
- Improvement of EDM's financial sustainability

#### Salient Features:

- Output Verification of Service connections done by Client as EDM guidelines.
- Preparation of Baseline Survey reports and End Line Survey reports.
- Assess Project Household Expenditure Patterns.
- To provide Energy to 50,000 customers

**Project duration:** 12 months

**Status:** The project is running under full swing. 2nd Quarterly Output verification of service connections done by EDM is going on.

## PROJECT UPDATE

### Establishment of Aquatic Quarantine Facility (AQF) & Broodstock Multiplication Centre for L. Vannamei (White-Leg Shrimp) at Vizag and Mud Crab Hatchery & Sea Bass Hatchery at Guntur on Turn Key Basis

**Client:** The Commissioner of Fisheries, Government of Andhra Pradesh

Government of Andhra Pradesh has appointed WAPCOS for works relating to "Providing Technical Services, Inviting of Tenders and entrustment of works to contractors and Construction Supervision of Fisheries Dept., GoAP works viz., establishment of AQF at Visakhapatnam as deposit work on turnkey basis.

This will only be the 2nd facility in India to Quarantine White Leg Shrimp. (Only Facility available in India right now is in Tamil Nadu). The project will help in increased shrimp production, increase in revenue generation, increase in export of White Leg Shrimp

#### Scope of Work:

- To obtain all the mandatory clearances required for construction of the said AQF/BMC as per the CRZ norms.
- Preparation of BOQ including DPRs and arrange technical sanction for the rates and submit to Client for vetting within reasonable time.
- To take corrective actions, if any to satisfy the Client based on their feedback within reasonable time from the date of receiving the requirements/ suggestions from the Client.
- Prepare tender documents comprising the technical specification BOQ, General Terms and Conditions, Special Conditions etc. as per the project DPR for inviting tenders and execution of the works.
- Technical and Financial Evaluation of the received bids for awarding the construction works.
- Construction Supervision, Monitoring day to day works and submission of periodical reports on the progress of the works.

#### Project Status:

- Approval from Client awaited for awarding the works to the contractor

Site Visit with Client

Site Visit with Client

## PROJECT UPDATE

### Renovation of Punj Vihar PNB Officer's Residential Complex, Vibhuti Khand, Gomti Nagar, Lucknow

**Client:** Punjab National Bank

Punjab National Bank has hired WAPCOS Limited as its executing agency for the renovation works of Punj Vihar PNB Officer's Residential Complex at Vibhuti Khand, Gomti Nagar, Lucknow.

#### Scope of Work:

- Preparation of Cost estimate and approval from client
- Preparation of tender document for hiring of contractor to carry out the renovation works and approval from Client
- Selection of contractor through tendering process
- Site supervision of renovation works by Contractor

## PROJECT UPDATE

### Consultancy Services for Construction of Jetty and associated facilities for Indian Coast Guard at Campbell bay, Great Nicobar Islands" for Central Public Works Department (CPWD), Port Blair, A&N Islands

Client: CPWD, Port Blair

#### Scope of Work:

- Carrying out the Hydrographic survey at proposed jetty location
- Tide and current measurements for one tidal cycle to be taken for 16 days
- Conducting Topographic survey (if required) for approached area (land side) to proposed jetty
- Conducting Marine Geo-technical investigations at 8 locations in proposed jetty and approach trestle areas to ascertain the soil strata for Design
- Preparation of Detailed Design and Report preparation
- Preparation of Bill of Quantities and Cost Estimates
- Analysis of operation of Mobile crane, truck, Forklifts for handling of Cargo
- Demarcation of HTL/LTL mapping
- Conducting Rapid EIA / EMP studies for CRZ clearance
- Preparation of Technical Specification and Tender documents
- Getting all clearances (CRZ, Forest clearance if any).
- Proof checking of the design of the structures including vetting of design/GFC drawings through IIT/NIT or any other Govt. Engineering Institute as decided by the competent authority.
- Preparing Detailed project report/ estimate as per Delhi schedule of rates/ local market rates and preparation of NIT/ Tender document in conventional/ EPC mode of contract (as applicable) as per CPWD norms for both Civil & Electrical works.

#### Project Status:

Surveys & Investigation about to start

Existing Campbell Bay PMB Jetty at Port Blair

## THE MONTH AT A GLANCE

11<sup>th</sup> May, 2023

WAPCOS is carrying out the Comprehensive Annual Repairs and Maintenance and special repairs including all civil works, Internal and External Electrical Works etc. of new Special Protection Group campus, Dwarka Sector-21, New Delhi.

WAPCOS has successfully executed the programme during the site visit of entire campus by Hon'ble Prime Minister at New SPG complex on 11th May, 2023.

## THE MONTH AT A GLANCE

22<sup>nd</sup> May, 2023

Union Minister of Home Affairs and Cooperation, Government of India, Shri Amit Shah inaugurated the Janganana Bhawan for the Office of Registrar General of India, Ministry of Home Affairs at New Delhi on 22<sup>nd</sup> May 2023.

Shri Nityanand Rai and Shri Ajay Kumar Mishra, Union Ministers of State for Home Affairs were the guests of Honour. Shri Ajay Kumar Bhalla, Home Secretary, Shri Mrityunjay Kumar Narayan, Registrar General of India & Census Commissioner and Shri R.K. Agrawal, CMD WAPCOS graced the occasion.

This building is in Lutyens Zone, Delhi. WAPCOS executed Design, Engineering & Construction of Multi Storied Janganana Bhawan. WAPCOS also executed Office Building for Regional Census Centres at Guwahati, Assam and Raipur, Chhattisgarh.

## THE MONTH AT A GLANCE

10<sup>th</sup> May, 2023

माननीय संसदीय राजभाषा समिति की दूसरी उपसमिति द्वारा दिनांक 10.5.2023 को वापकोस के पटना कार्यालय का राजभाषायी निरीक्षण किया गया। इस निरीक्षण कार्यक्रम में श्री संजय शर्मा, वरि. महा प्रबंधक और श्री प्रेम प्रकाश भारद्वाज प्रमुख (मा.सं. वरा.भा.का.) राजेश गेहानी, परियोजना प्रबंधक, समिति के समक्ष उपस्थित हुए।

## THE MONTH AT A GLANCE

15<sup>th</sup> May, 2023

दिनांक 13.05.2023 को माननीय संसदीय राजभाषा समिति की दूसरी उप समिति द्वारा वापकोस के पंचकुला कार्यालय का राजभाषायी निरीक्षण अमृतसर में किया गया। इस निरीक्षण कार्यक्रम में वापकोस कार्यालय से डा. एस.के.त्यागी, परियोजना निदेशक, श्री प्रेम प्रकाश भारद्वाज, प्रमुख (मा.सं. व रा.भा.का.) तथा श्री दलीप कुमार सेठी, उप मुख्य प्रबंधक (रा.भा.का.) ने भाग लिया।

## THE MONTH AT A GLANCE

18<sup>th</sup> May, 2023

**W**APCOS Ltd. is providing the Engineering consultancy services for prestigious Turga Pumped Storage Project (1000 MW), West Bengal.

Turga PSP, 1000 MW is one of the important energy storage projects in India. A joint design review meeting was held during 15th May to 18th May, 2023 at WAPCOS office Gurugram.

Experts from WBSEDCL, WAPCOS & EPDC, J-Power participated in the deliberations.

## THE MONTH AT A GLANCE

23<sup>rd</sup> May, 2023

संसदीय राजभाषा समिति ने 23.05.2023 को देहरादून में वापकोस लिमिटेड, देहरादून के साथ निरीक्षण बैठक की। इस दौरान समिति ने मंत्रालय एवं विभाग के वरिष्ठ अधिकारियों की उपस्थिति में हो रहे राजभाषा हिंदी के कार्यों का अवलोकन किया।

## THE MONTH AT A GLANCE

26<sup>th</sup> May, 2023

Sh. S.K. Srivastava, Sr. Executive Director, WAPCOS attended the "Africa Day 2023" celebration at Taj Palace, New Delhi on 26-05-23 organised by African Group Heads of Mission, New Delhi.

Ms. Meenakshi Lekhi, Hon'ble Minister of State for External Affairs was the Chief Guest. Ambassadors, High Commissioners etc. from various African countries graced the occasion.

## THE MONTH AT A GLANCE

**27<sup>th</sup> May, 2023**

Signing of Memorandum of Understanding (MoU) between WAPCOS Ltd. and Neyveli Lignite Corporation Limited (NLC) India held on 27<sup>th</sup> May, 2023 with an objective for strategic collaboration for development of various projects related to Pumped Storage, Run of River and Hydropower sector in India.

The MoU was exchanged between Shri Anupam Mishra, Director (Comml. & HRD), WAPCOS and Shri K Mohan Reddy, Director (Planning & Project), NLC.

Sh. Arvind Dev, General Manager, WAPCOS; Sh.D.P.Singh, General Manager, Projects & BD NLC, and other senior officers of WAPCOS and NLC India were also present.

## THE MONTH AT A GLANCE

29<sup>th</sup> May, 2023

Hon'ble Chief Minister of Maharashtra, Shri Eknath Shinde Inaugurated Kopari Waterfront Development Project, Thane on 29<sup>th</sup> May, 2023.

The main objective of the project is to preserve and conserve the creek benefited by Thane city and keep this area free from encroachment.

WAPCOS is the Project Management Consultant (PMC) for this project. Through this project, the conservation of mangroves adjacent to the creek will be prioritized, aiming to prevent environmental degradation and future encroachment of the creek. Additionally, the project will contribute to the conservation of biodiversity along the creek.

Sh. Rajesh Laddha, Project Manager, Thane and WAPCOS team was present during the inauguration.

## EMPLOYEES OF THE MONTH

WAPCOS recognizes employee's efforts for exemplary contribution in achievement of Turnover, New Business and Payment Realization.

### CONSULTANCY SEGMENT

#### Turnover

**Mr. Hemant Singla**  
Addl. Chief Engineer  
Infrastructure (Systems)

#### New Business

**Mr. Aishwarya Srivastava**  
Sr. Engineer  
Civil Design

#### Payment Realization

**Mr. Sanjay Sharma**  
Sr. Geologist  
Hydro-Power

### CONSTRUCTION SEGMENT

#### Turnover

**Mr. Aman Gupta**  
Engineer  
CMU-II

#### Payment Realization

**Mr. Deepender Lamba**  
Sr. Engineer  
Centre for Environment

## Operations Abroad

**Insert Disclaimer:** WAPCOS Limited is proposing, subject to receipt of requisite approvals, market conditions and other considerations, to make an initial public offer of its equity shares and has filed a draft red herring prospectus ("DRHP") with the Securities and Exchange Board of India ("SEBI").
